## Safety Update

The School Safety Team met on November 7, 2023 & December 5, 2023. Updates from our School Resource Officer, Deputy Watson included presentations he is doing in K-5 (Don't be a Bully) and 6-12 (the Law & You). These presentations are modified based on the grade level he is presenting to. The team discussed the safety assessments completed for the building, bus garage, and athletic complex. We have made many improvements to the building, including mapping, placards to identify areas of the building from the outside and inside, and signage designating ACS as a weapon and drug free building. This signage will be put up soon. We are also focused on Cyber threats. Administration and the SRO will attend training in January.
