5th Grade Law Day Field Trip

On May 1, the 5th grade class took a field trip to the Montmorency County Courthouse. While there, the students were able to participate in a mock civil trial. Court personnel were on hand to guide the students in their roles. They had attorneys, witnesses, a court clerk, bailiff, a jury, and of course the honorable Judge Maci Goldie (they drew for roles). It was such a great experience for the students to interact with court personnel, learn lots about how the justice system works, and also to think a little deeper about how to come up with questions in a tough case. The students were excited to participate and learn and worked through their nervousness to speak in front of their peers and supporting adults. It was a valuable experience they won't soon forget and we are grateful for those who hosted and prepared for this terrific event.

4th Grade Besser Museum Trip

On May 2, the 4th grade class took a field trip to the Besser Museum in Alpena. While there, they rotated through four different exhibits. They visited the fisheries exhibit where they learned about the Chinook and the catamaran V boats and how the crew fished with nets. Then, they moved onto the wildlife exhibit where they went on a scavenger hunt to locate different species. Next, they went to the planetarium. Finally, they went to the fossil park and were able to keep any fossils that they found.
